#SAVETHESEA: MASTERING THE SEAS, RESPECTING THE PLANET

Named after the ancient goddess Eurybia who harnessed the winds, weather and constellations to master the seas, MSC Euribia features state-of-the-art technology to protect and preserve the precious marine ecosystem.

LNG POWERED

MSC Euribia was designed to offer a state-of-the-art cruising experience and reduce the environmental impact. Powered by the cleanest marine fuel available at scale, Liquefied Natural Gas (rather than nitrogen) is a significant step towards our ultimate goal of net-zero greenhouse gas emissions operations.

RESPONSIBLE CRUISING

On MSC Euribia, we have significantly reduced plastic waste through a program to eliminate or replace single-use plastic items. Incorporating advanced energy saving, water treatment and waste management systems, MSC Euribia is the most environmentally advanced ship to date.

EXCLUSIVE ITINERARIES

With the ship's credentials allowing access to exclusive port locations, guests can experience amazing itineraries throughout Northern Europe.

#SAVETHESEA

"What was important to me was not only the representation of the underwater world, but also a message about how it should be preserved. I also want to express that an intact sea is also the basis for a healthy ecosystem on land."

- Alex Flämig, artist.

ICONIC HULL DESIGN

Not only do the decks of MSC Euribia boast numerous original works of art; for the first time in the MSC Cruises fleet the exterior of the ship itself is a visual masterpiece. The unique design that adorns the hull is the end result of a worldwide competition in search of an artist to depict MSC's dedication to the

marine ecosystem. Created by German artist Alex Flämig, the artwork uses an ocean-inspired color palette to represent MSC's commitment to the environment and profound respect for the oceans. The artist chose to name his work with the hashtag #SaveTheSea in order to increase the reach of his message and inspire people to participate

in marine preservation. On this unique ship where art meets innovation, life at sea has never been more beautiful.

MSC YACHT CLUB

Imagine a way of cruising that combines the luxury and service of a private club with full access to the vast choice of recreation and entertainment options on board. What you are imagining is the MSC Yacht Club, a very special “ship within a ship” on MSC Euribia.

MSC YACHT CLUB RESTAURANT

EXCLUSIVITY AND PRIVACY IN A WORLD OF CHOICE
